The screenshot shows the OpenProject web interface for a work package titled "PHASE 1.0 Initiation Phase". The work package is marked as "Closed" and was created by Joe Gene Quesada on 09/30/2025 at 6:54 AM. The description states: "This phase involves defining the project's goals, scope, budget, and timeline. It also includes identifying stakeholders and their needs, and obtaining authorization to proceed with the project." The "PEOPLE" section lists the assignee as Ezekiel Galauran and the accountable person as Gabriel Villanueva. The "ESTIMATES AND PROGRESS" section shows work estimated at 37 hours, remaining work at 11 hours, and 70% complete. The "DETAILS" section includes priority (Normal), date range (08/06/2025 - 08/14/2025), project phase (Closing), category (Requirements), and version information. The "COSTS" section lists spent units, labor costs (PHP 1,900.00), unit costs (PHP 800.00), overall costs (PHP 2,700.00), and budget (1. Initiation Phase Budget). On the right side, there is a sidebar for activity, files, relations, watchers, and GitHub integration. The GitHub section shows updates from Ezekiel Galauran and Rhime Airo Ravinera, including changes in work status and assignees.

```
+ # Documentation folder for MSYADD1
+ - To all groups: Copy the folder structure in this directory to your respective APC-SoCIT Github repository.
+ - Begin uploading / making commits into the respective folders of the documents that you are working on.
+ - From now onward, all work done for your project whether for documentation or coding, should have a corresponding commit to your APC-SoCIT Github repository.
+ - Whenever you update a work package assigned to you, include the link to the corresponding Github commit for the work that you did for that corresponding work package.
+ - Update the number of actual hours spent in your OpenProject work package.
```
